GOING INTO A MUSEUM
Going Into a Museum

Soon, I will go to a museum.

This Story is about how to go into a museum.

Many people go to museums. There may be a line of people waiting to go inside.
There is a security officer at each museum door.

Security officers check all bags, handbags, and backpacks.

This helps to keep everyone safe.
Checking Your Bags

If I have a backpack or a bag, it is important that I:

1. Open my bag or backpack.
2. Give it to the security officer.
3. Walk through the scanner.
4. Wait to get it back.
Waiting Until I Can Go Into the Museum

The security officer will tell me when I may go into the museum.

I will go in with my adult.
