Friday, July 12/95

Morning, rainy, fog, cold. Watched weather for July. Write on notes. P.M. read & turn in early.

Saturday, July 13th

Monday, July 15

Morning fair, warm. Continue examination of slides. About noon go over to Squirrel Island with Mrs. Greenfield and Mr. Esler and their families. Grass grows here, find also brown & yellow mottled lady's-slipper & forget-me-nots. Back in answer to signal a party from Kodiak wanting to be photographed.

Sunday, July 14

Morning perfectly clear, warm. Go up the beach scanning the slates for fossils. Have a cold which makes me feel miserable in spite of the fine weather. P.M. continue to the north.
end of the island.

Tuesday July 16 1925

Clear and fine with a moderate air.

Morning set down to the south end of the island. Found a few erratics but no fossils. Back to lunch. The cutter Grant comes in with Governor Shekley. They take the men who were on the wreck of the White on their way to bitter, and leave about 3 P.M. Go up to the lake new Paoloffs to examine reported boulders which proves to be country rock.

Evening fog comes in from the eastward.

Wednesday, July 17

Morning close and foggy, do some writing. Work over packing and fossils, P.M. lovely up a little.

Thursday July 18

Morning fine. In the forenoon the Kotel returns, all well. Later go over to Hodick to have a tooth repaired. Lunch with the Whites. Return to Woody Id. P.M. arrange.
Friday, July 19th, 1895

Morning fine, clear. Attending to mail & getting ready for sea.

Saturday, July 20

Leave Woody Id. about 11:40 A.M., and go through Bering Strait. We stop and examine the islets for striate finding none and then proceed toward Cape Douglas.

Sunday, July 21

Early in the morning run into the right north of Cape Douglas, touching the rocks as we go in. Go ashore to examine the rocks. Later B.T.P. go off to examine the glaciers. So over on the West head looking for erratics. Party gets back about 3 P.M., half an hour later, start for Augustine Id. and anchor under the lee of the Sept. about 9 P.M.
Monday, July 22, 1875

Morning, go ashore. B. & P. ascend the volcanos. Work along the shore and later go aboard. B. & P. return and we leave the anchorage about 5 P.M. for the harbor behind Chicks Rd.

Tuesday, July 23rd

About six P.M. run into the Harbor called Tuxedni by the Natives. Go aboard the dark Highland light belonging to the Kassiloff Cannery Co. Later go ashore at NW end of the harbor and find Cretaceous fossils. Leave the harbor about 3 P.M. for the west and north forelands. P.M. foggy with a fresh breeze touch the shoal east of Kelgin Rd. while at supper but with no bad results.

Wednesday, July 24

Anchor off West Foreland about 4 P.M. to wait for the flood tide. A small village of Kootena Indians
Thursday & Friday also

Day in my cabin

Food, ample. Good time to go fishing.

Saturday, May 13

Saw three Herring off.

Sunday, May 14

Felt fine, spent all with

in the cabin. Worked on

Monday, May 15

No Herring today. A lot of

herring. Came in later.

Thursday, June 19

Good night. Read, read, read, until

showed 2:00 a.m. Margie went to bed.

Friday, July 25th

honey, some of whom come off to the ship. Leave about 10 a.m. for N.

foreland. Anchor off Ladd's station

about 4 1/2 miles north of the point.

Go ashore and see Ladd and return

to ship. Wait here for the morning tide.

July 25th, '95 Thursday

Leave 10 A.M., with mine's boat in

tow and reach a small rocky

Pt. in Furnagsan Arm about 8

A.M. B. & P. take the boat for the

place, mine's half an hour later.

Are driven out of the anchorage

by tide bore in the afternoon.

Bore held our own in the channel.

Boat returns but misses the

ship in the tide way and goes back

to shore to await the slack. Comes

about 10 o'clock. When we set

our anchor, barely twisted and sail

for Kachemak Bay with the ebb tide.

Friday, July 26th

Morning fair, later foggy. Run
Monday, May 13

Tuesday

Wednesday, May 17

Thursday, May 18

Friday, May 19

Saturday, July 27/95

Weaving all day for Anchor Pt. Late in the evening 10 P.M. anchor in Coal Bay behind the end of the spit.

Sunday, July 28th
